

Tri-Cities bench rest Varmint for Score Match 4/25/2015.

8 shooters showed up for our first Varmint for score match of the year. The 100 yard match went real well with 5 to 10 mph wind switching from slightly left to full right and not too much mirage which isn't bad for the desert part of the evergreen state. The scores reflect the mild conditions.

1st place Glenn Sampson	250 16x.
2nd place Tom Halecki	250 11x.
3rd place Dick Mayer	250 10x.
4th place Rick Ekwortzel	249 8x.
5th place Dan Norgrove	248 14x.
6th place Paul Gylling	248 11x
7th place Mike Fowler	248 7x.
8th place Rick DeGroat	246 6x.

200 yards got a little tougher with the wind and mirage increasing we also have a small canyon between 100 and 200 yards that a dry creek runs through that is around 30 feet deep that can cause some strange things to happen at times. I think that there is a troll living in the canyon or hole as we call it and he likes to swat at the bullets that are flying over. For whatever reason fact or fiction the scores dropped a little.
