### Announcements

- **We are planning a special fun shooting day at the range on June 10, 2006 8 am to 2 pm. There will be lots of fun shooting events and some food will be provided. This is a good time to bring out the family and enjoy a day at the range.** Call Spence at 545-8864 if you can help out
- **Please inform the club secretary know if you have a change of address or phone number.**
- **Range Orientation:** There are still some members who have not completed the required range orientation. If you did not receive a new combination with your membership card, it is most likely because the club records show you have not completed the orientation. The 30 - 45 minute course provides information about the range features and rules, and is offered immediately after each monthly meeting. **It is mandatory that all members complete the orientation/training class prior to April 1 2006.** After that date, members who have not completed the orientation will not be given the combination to the range. For those members that cannot attend the Thursday night meetings, please contact the one of the officers so that we can arrange for an alternative training date. New members can apply and be accepted as members but will not be given range access until the orientation has been completed. We are in need of additional TCMSA members who are willing to conduct training classes; let one of the officers know if you can help out. To date, 282 out of 343 members have completed the orientation class.

- We are looking for volunteers to help organize a High Power Match in 2006. Those interested in helping or participating contact Pat King 544-2174. The club is CMP affiliated, and we need to start having matches so that our members can qualify to purchase from the CMP.

The club Web Site has been updated with more current information about the range.
